INTRODUCTION

Just kidding...
Keep going!

INTRODUCTION

Hey there! Sina and Azhda here.

We hope you enjoyed the session! To preserve those memories, we created this lovely Newspaper for you. The Newspaper includes many moments from the session we all shared together as well as background on how the Teams were preparing for this wonderful session. In addition to that, we also included the information on the activities and events that happened during Utrecht 2021, such as cooking activity, Utrecht's Got Talent, and a Yoga class. In the end, we added a collection of Media Projects and a Gallery, so we can reminisce on the session together!

BEFORE THE SESSION

Organising Team

Before the session, Organising Team was mainly preparing for the technical sides of the Digital Session. To begin with, they have created a discord server that was used as a main platform during Utrecht 2021. They also were dealing with the Delegate and Officials support, primarily helping all the Teams if anyone had concerns or needed help. In addition, they have sent out emails to participants, informing them about the session and assigning them to committees.

BEFORE THE SESSION

Academic Team

In the meantime, Academic Team worked on the Topic Overviews, which was in turn helpful for the Delegates when they were doing research based on their respective topics. After finishing with that task, they were mainly preparing to meet the Delegates and were getting educated on how to approach the participants during Team Building as well as Committee Work.

BEFORE THE SESSION

Jury Team

To ensure they could evaluate the Delegates fairly, the Jury Team spent a lot of time getting to know each other and themselves. They looked into their unique personality types and recognised their own biases. Furthermore, they went over the sheets and the criteria together and discussed methods of how to best take notes.

BEFORE THE SESSION

Media Team

Once the Media Team had come together, they kicked it off with a fun introduction game and a Teambuilding call to get to know each other. Not long after, the first task followed: Committee Podcasts! Every member got together with their respective Chairs and created lovely and interesting podcasts.

BEFORE THE SESSION

Officials' Night

One day before the session began, Officials gathered together in a zoom call and got to know each other better before the session. They all introduced themselves and played games together. After that, they were put into breakout rooms to answer some questions prepared in advance to get to know each other's opinions. In the meantime, they cooked the same dish together: Pasta with hummus and spinach!

*Creamy Hummus
Pasta with Sun Dried
Tomatoes (Vegan)* ♥♥♥

BEFORE THE SESSION

Officials' Night

Officials having fun in breakout rooms

A fun game of Kahoot to determine who knows the most about the session and its members

DURING THE SESSION

Friday

The session started with the Opening Ceremony that everyone attended. After that, the Delegates were split up into their respective Committees and Teambuilding began. During Teambuilding, Delegates got to know each other before the beginning of their work as well as played various games, which helped them bond as a Team. In the evening, all participants had the opportunity to relax and enjoy a few rounds of Among Us or codewords.

Participants during the Opening Ceremony

DURING THE SESSION

Saturday

Saturday started with culinary heaven: Everyone who was awake enough to join in had the opportunity to learn how to make authentic French crêpes with Louise. After that, Committee Work started. The Delegates worked hard on their Resolutions and prepared for General Assembly. In the evening, everyone had a chance to show off their talents in Utrecht's Got Talent!

*Making French
crêpes with Louise* ♥♥♥

DURING THE SESSION

Sunday

Before getting to the main part of the day, everyone had the chance to clear their mind with a Yoga session. After that, General Assembly started! The six Committees defended their Resolutions and discussed the topics in six active and interesting debates. The session ended with the Closing Ceremony.

AFTER THE SESSION

Media Projects

CONCLUSION

Thank you so much for checking out this project. We hope that you enjoyed it as much as we did! As we mentioned previously, the Newspaper contains the main information about Utrecht 2021 and the events that were held during the session. Most of those events and moments were also put together in Media Team Projects, which means that you will also be able to find information there, so please make sure to check those out as well!

We hope that, even though the session is over, all of us will come back and reread this newspaper in the future, feeling nostalgic and happy.

Thank you very much, and we will see you somewhere in Europe!

Sina and Azhda
